Subject: Family Law Judgment Checklist for Riverside Superior Court

The court has prepared the following checklist of required documents to assist attorneys and self-represented litigants in preparing and submitting family law judgments to the court, as well as reducing the need to return incomplete documents back to the submitting party. The checklist covers true default cases; default cases where there is a written agreement between the parties; uncontested cases where the respondent has appeared and there is a written agreement between the parties; and contested cases. This checklist is also available on the court's website at <http://riverside.courts.ca.gov/famlawpack/fljudgmcklst.pdf> . We hope you find this information useful.

Thank you
